

THE HARBOR

EX LIBRIS

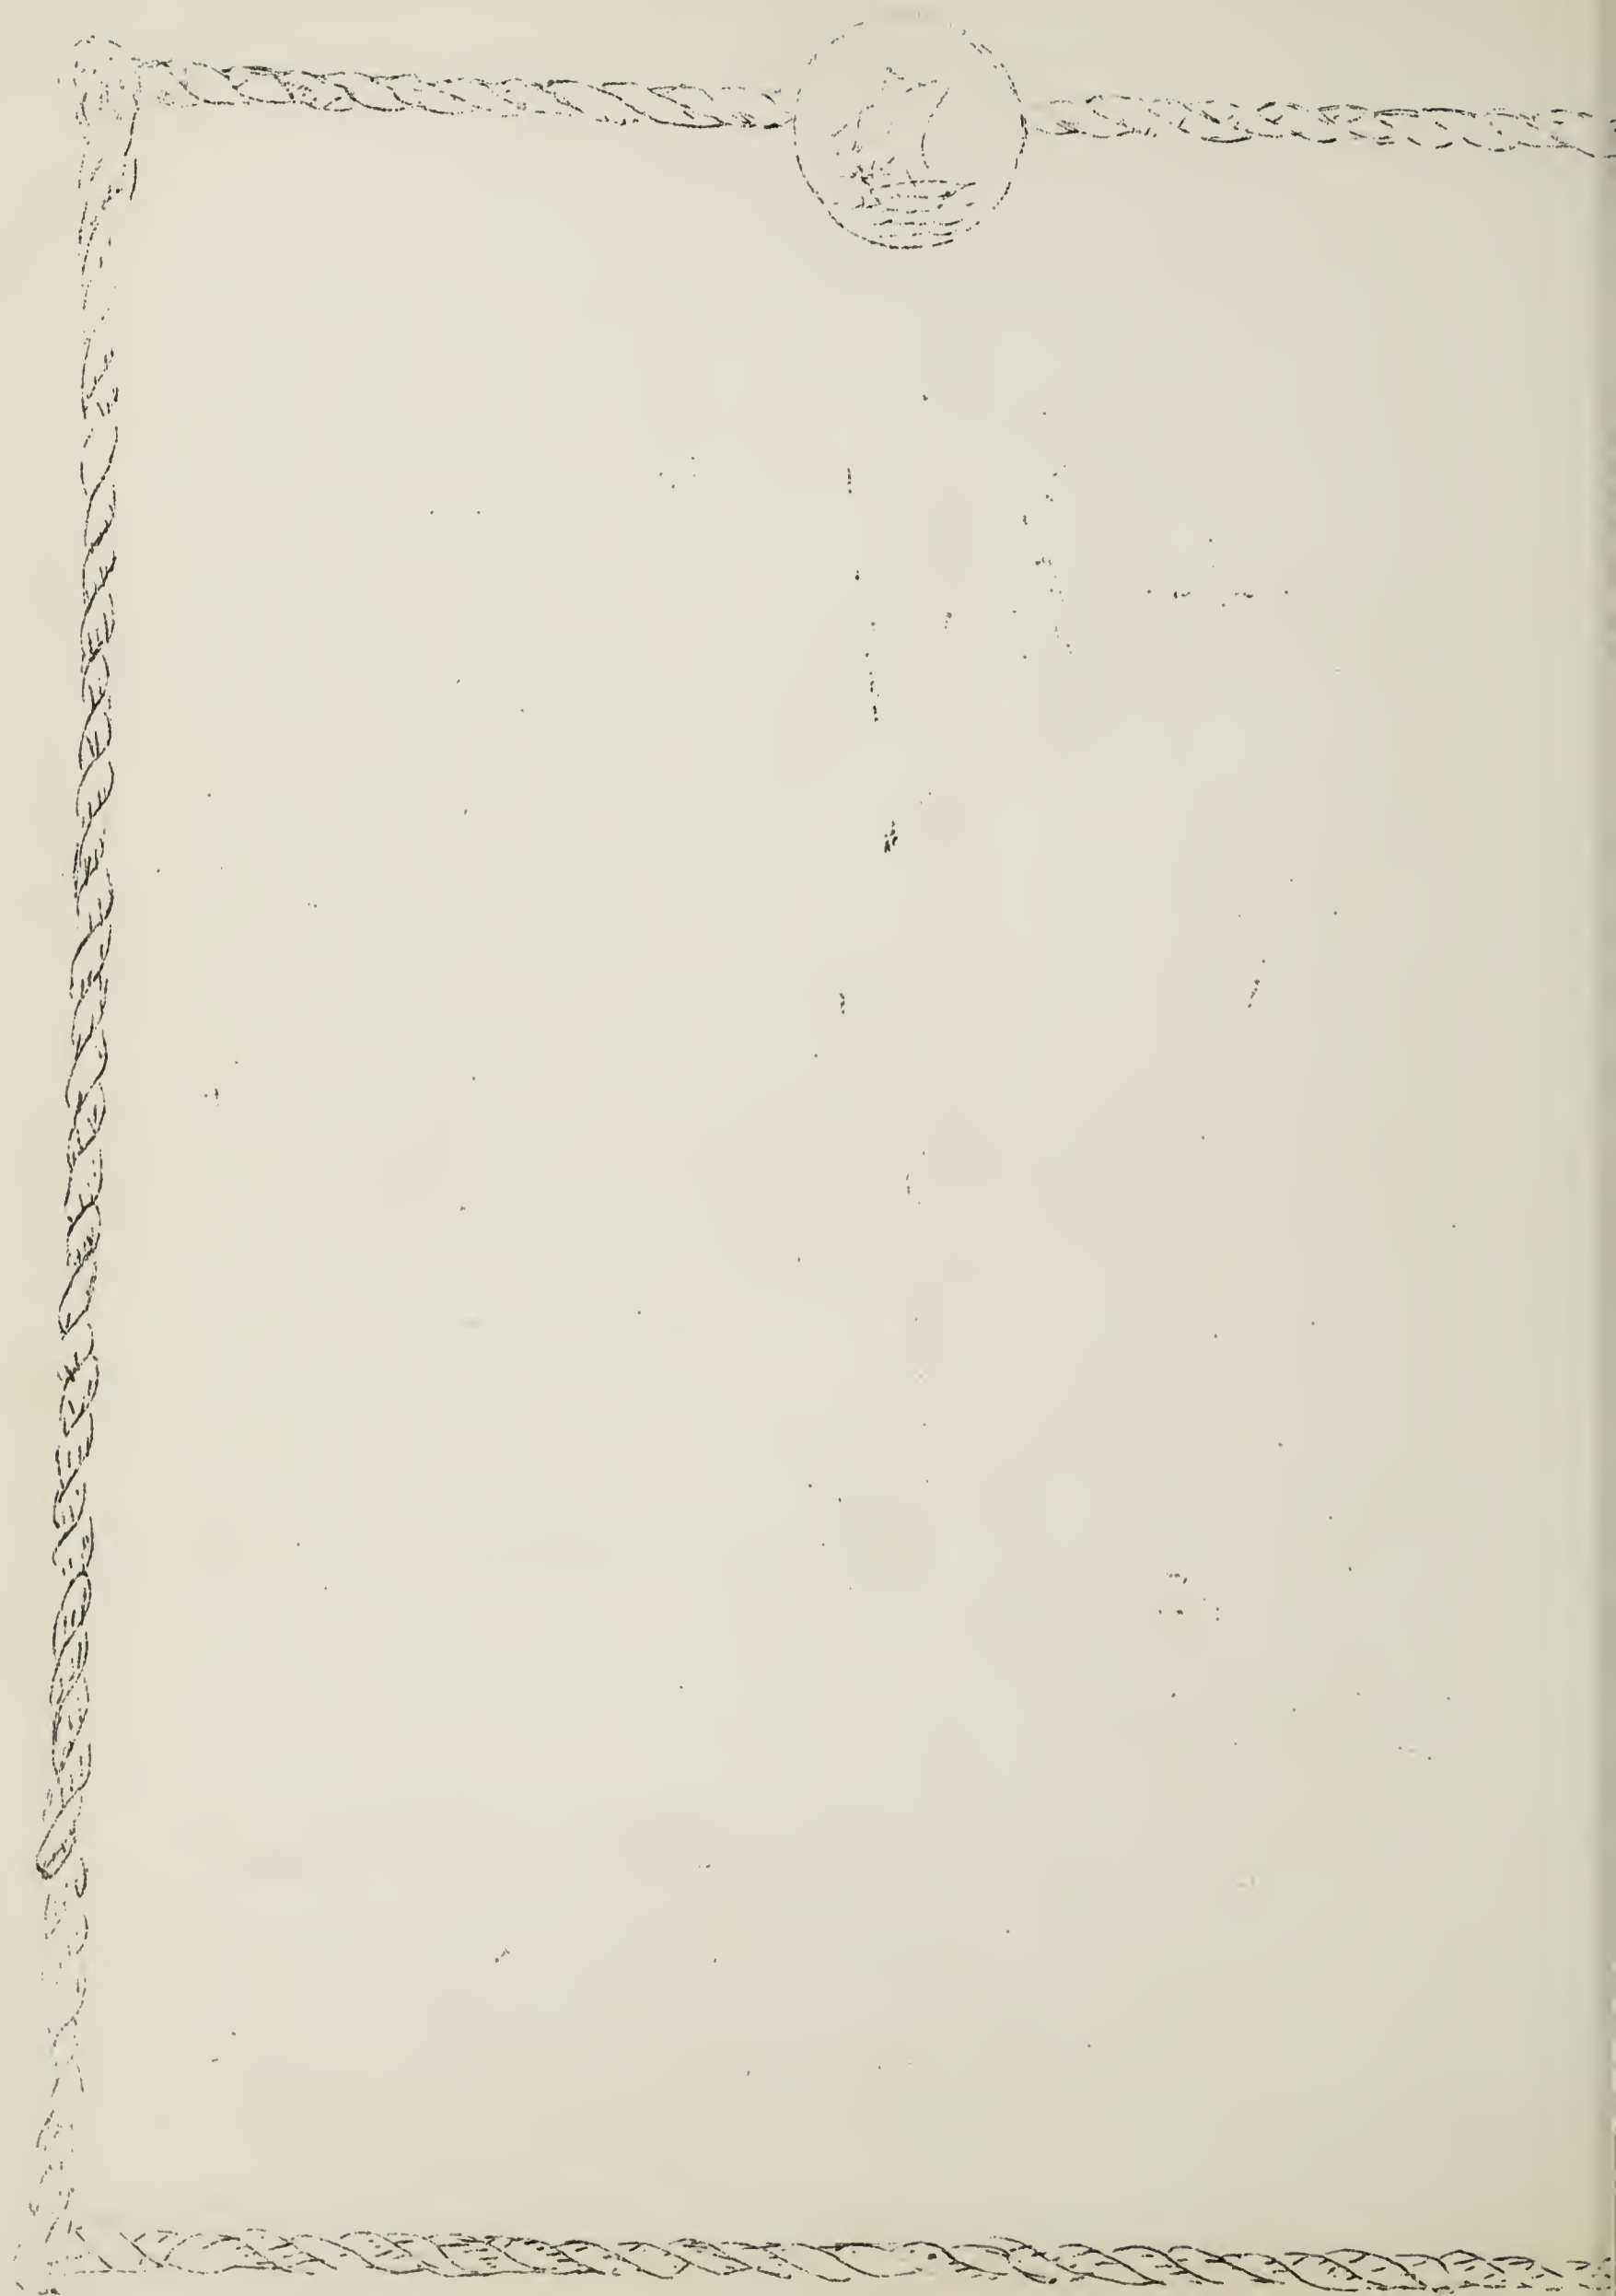

DEDICATION

In dedication this, the first volume of The Harbor of Mathews High School it is only fair and just that we dedicate it to the man that made our school possible. This man had a dream--a great dream of education and was not satisfied that it be only a dream. To this end he gave his time, his energy, and his best efforts for the advancement of education in Mathews County. Need we say that his dream of yesterday is a reality of today?

Out of full hearts of grateful appreciation we dedicate this first volume to Mr. Dennis D. Forrest.

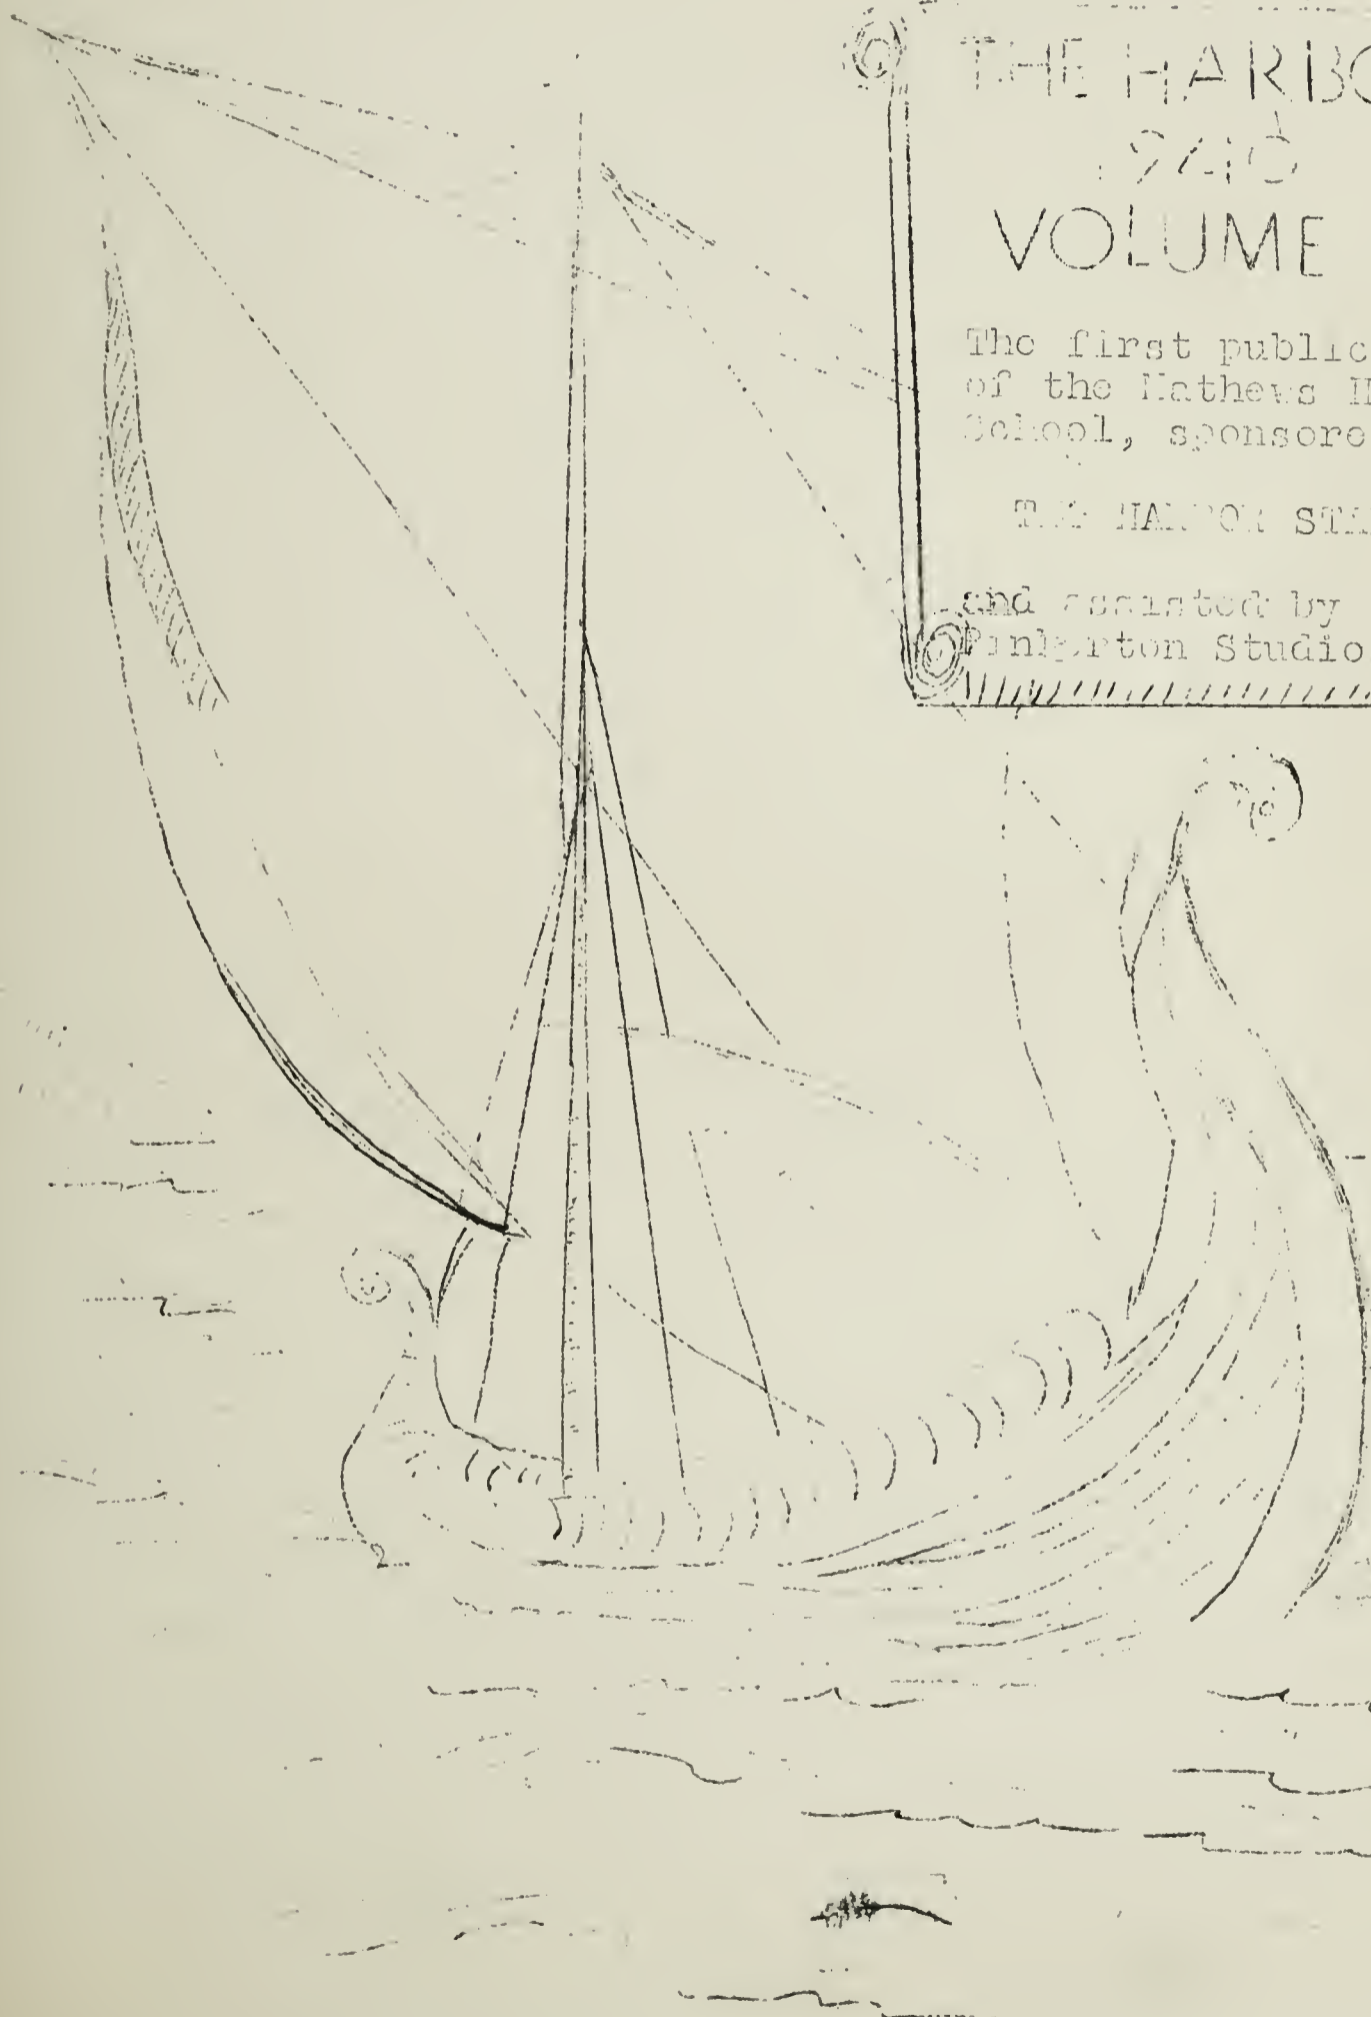

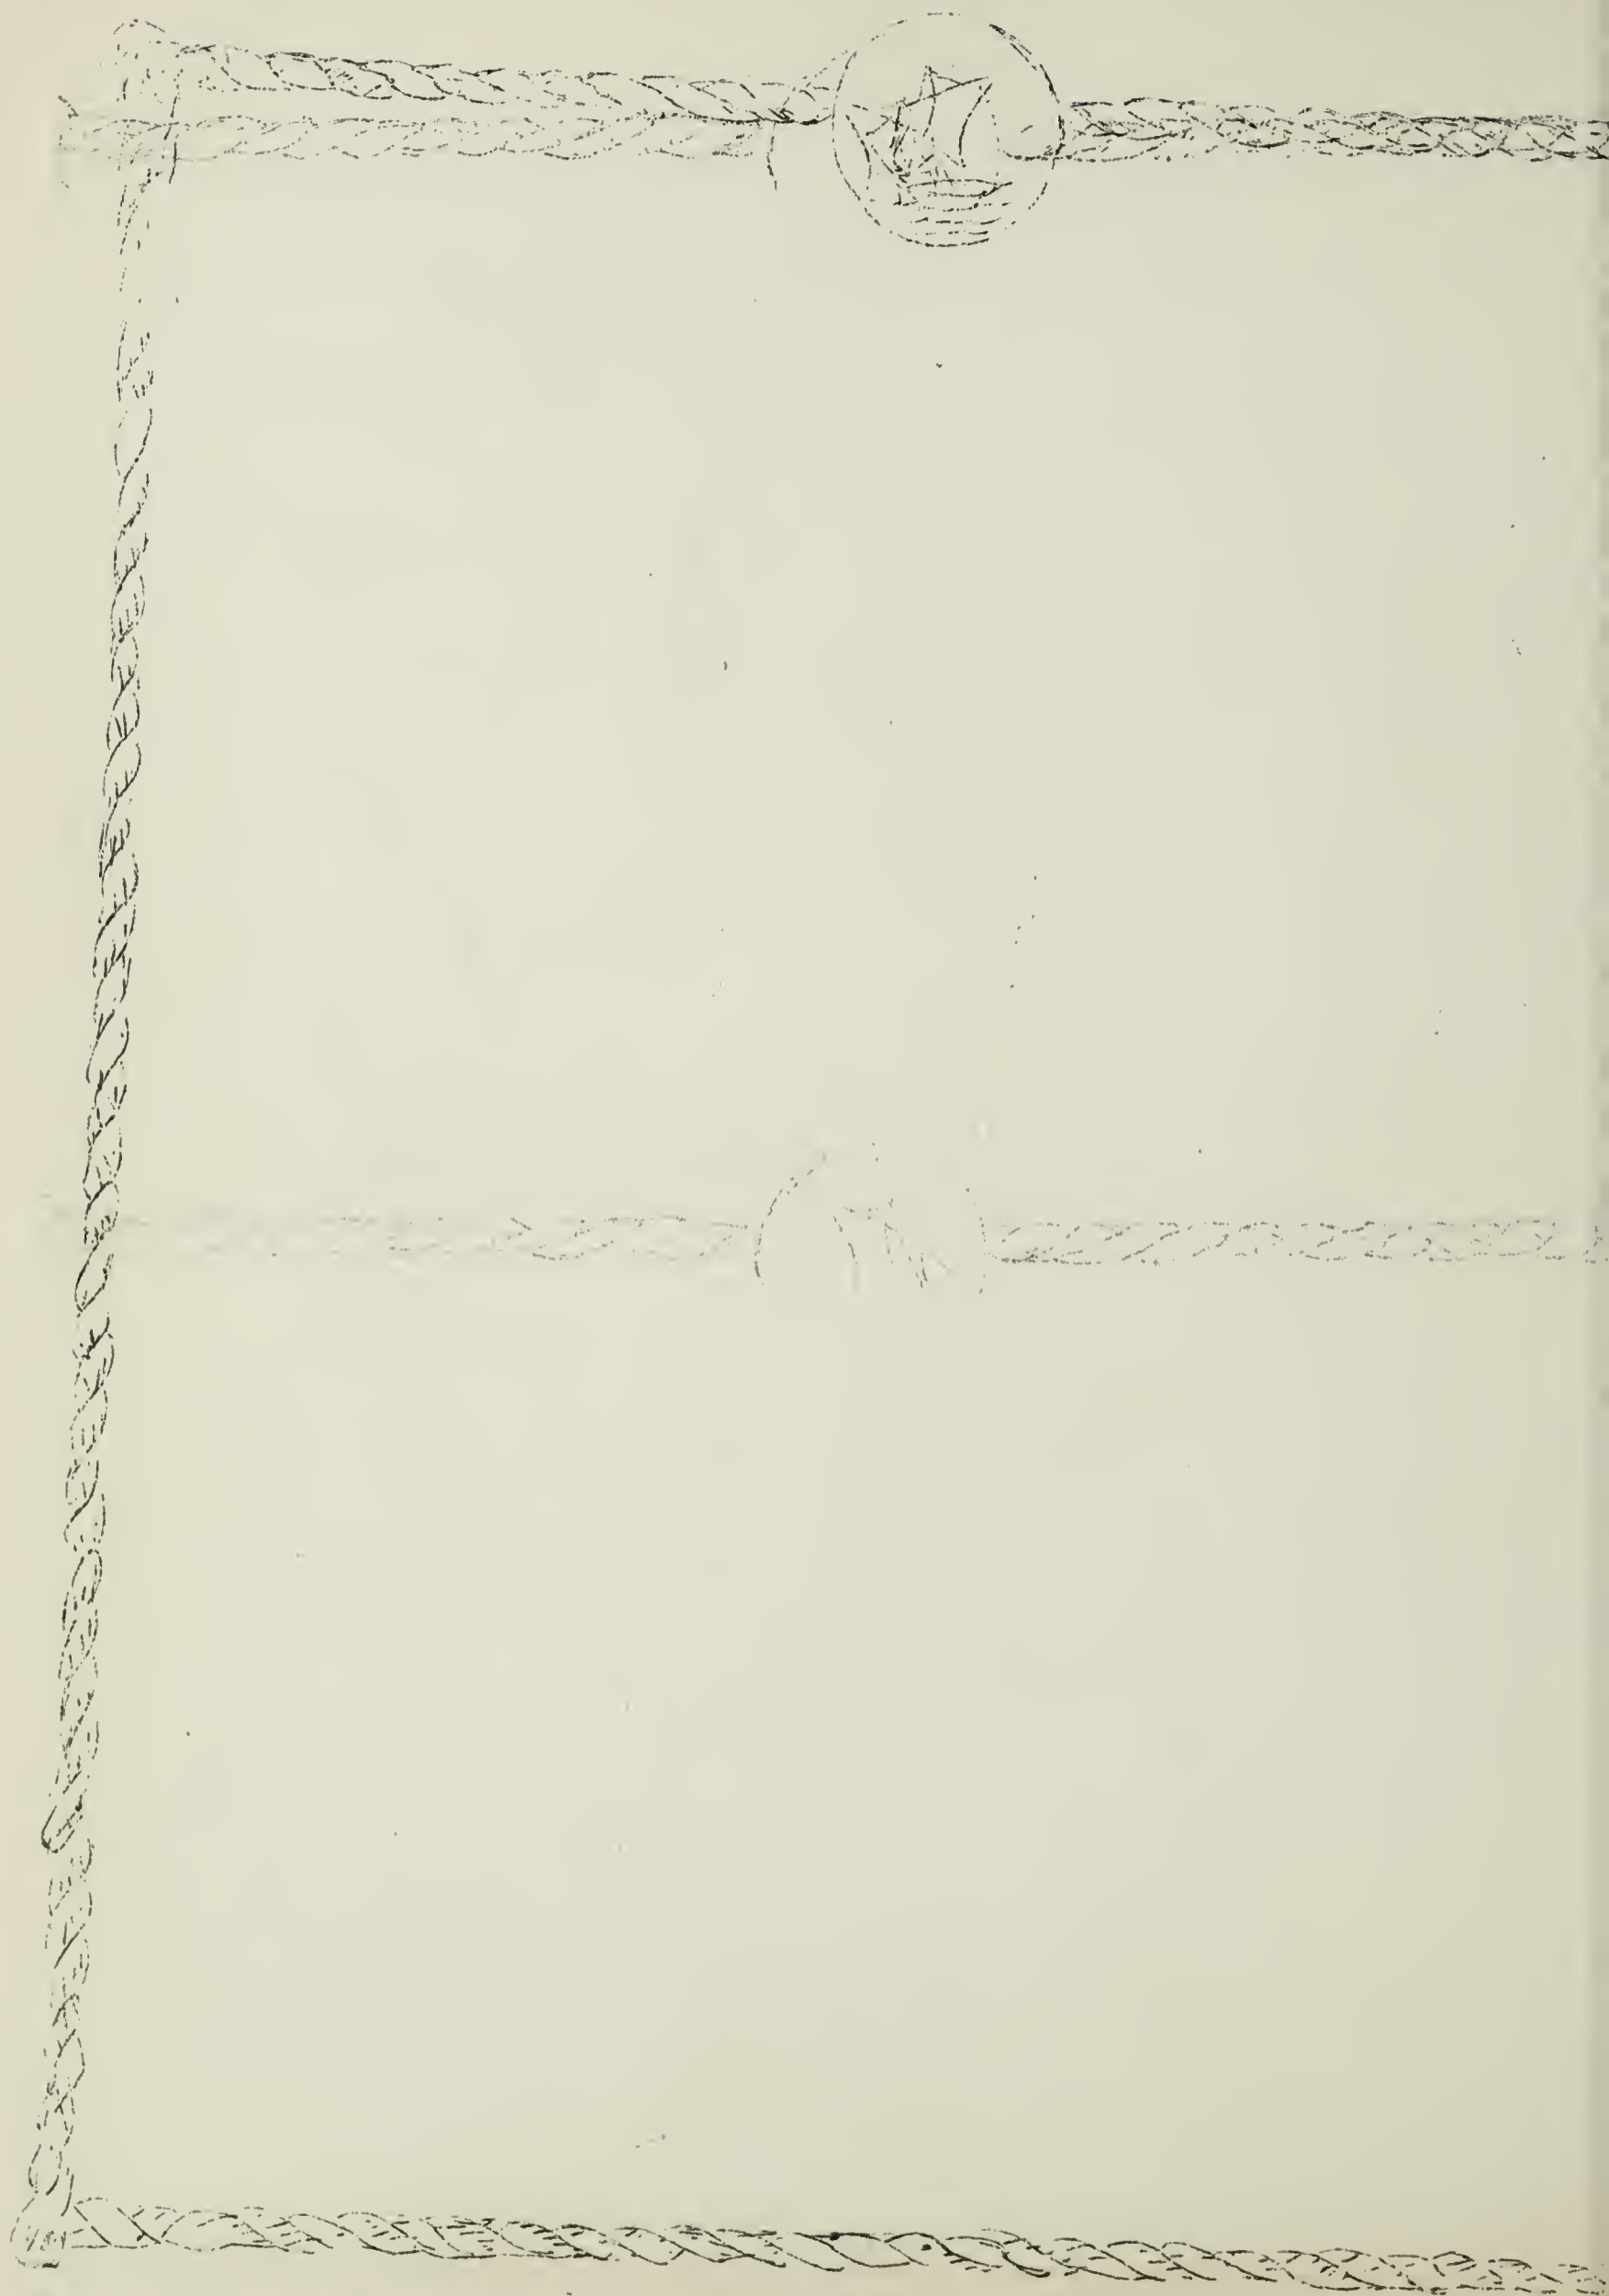

THE HARBOR 1940 VOLUME I

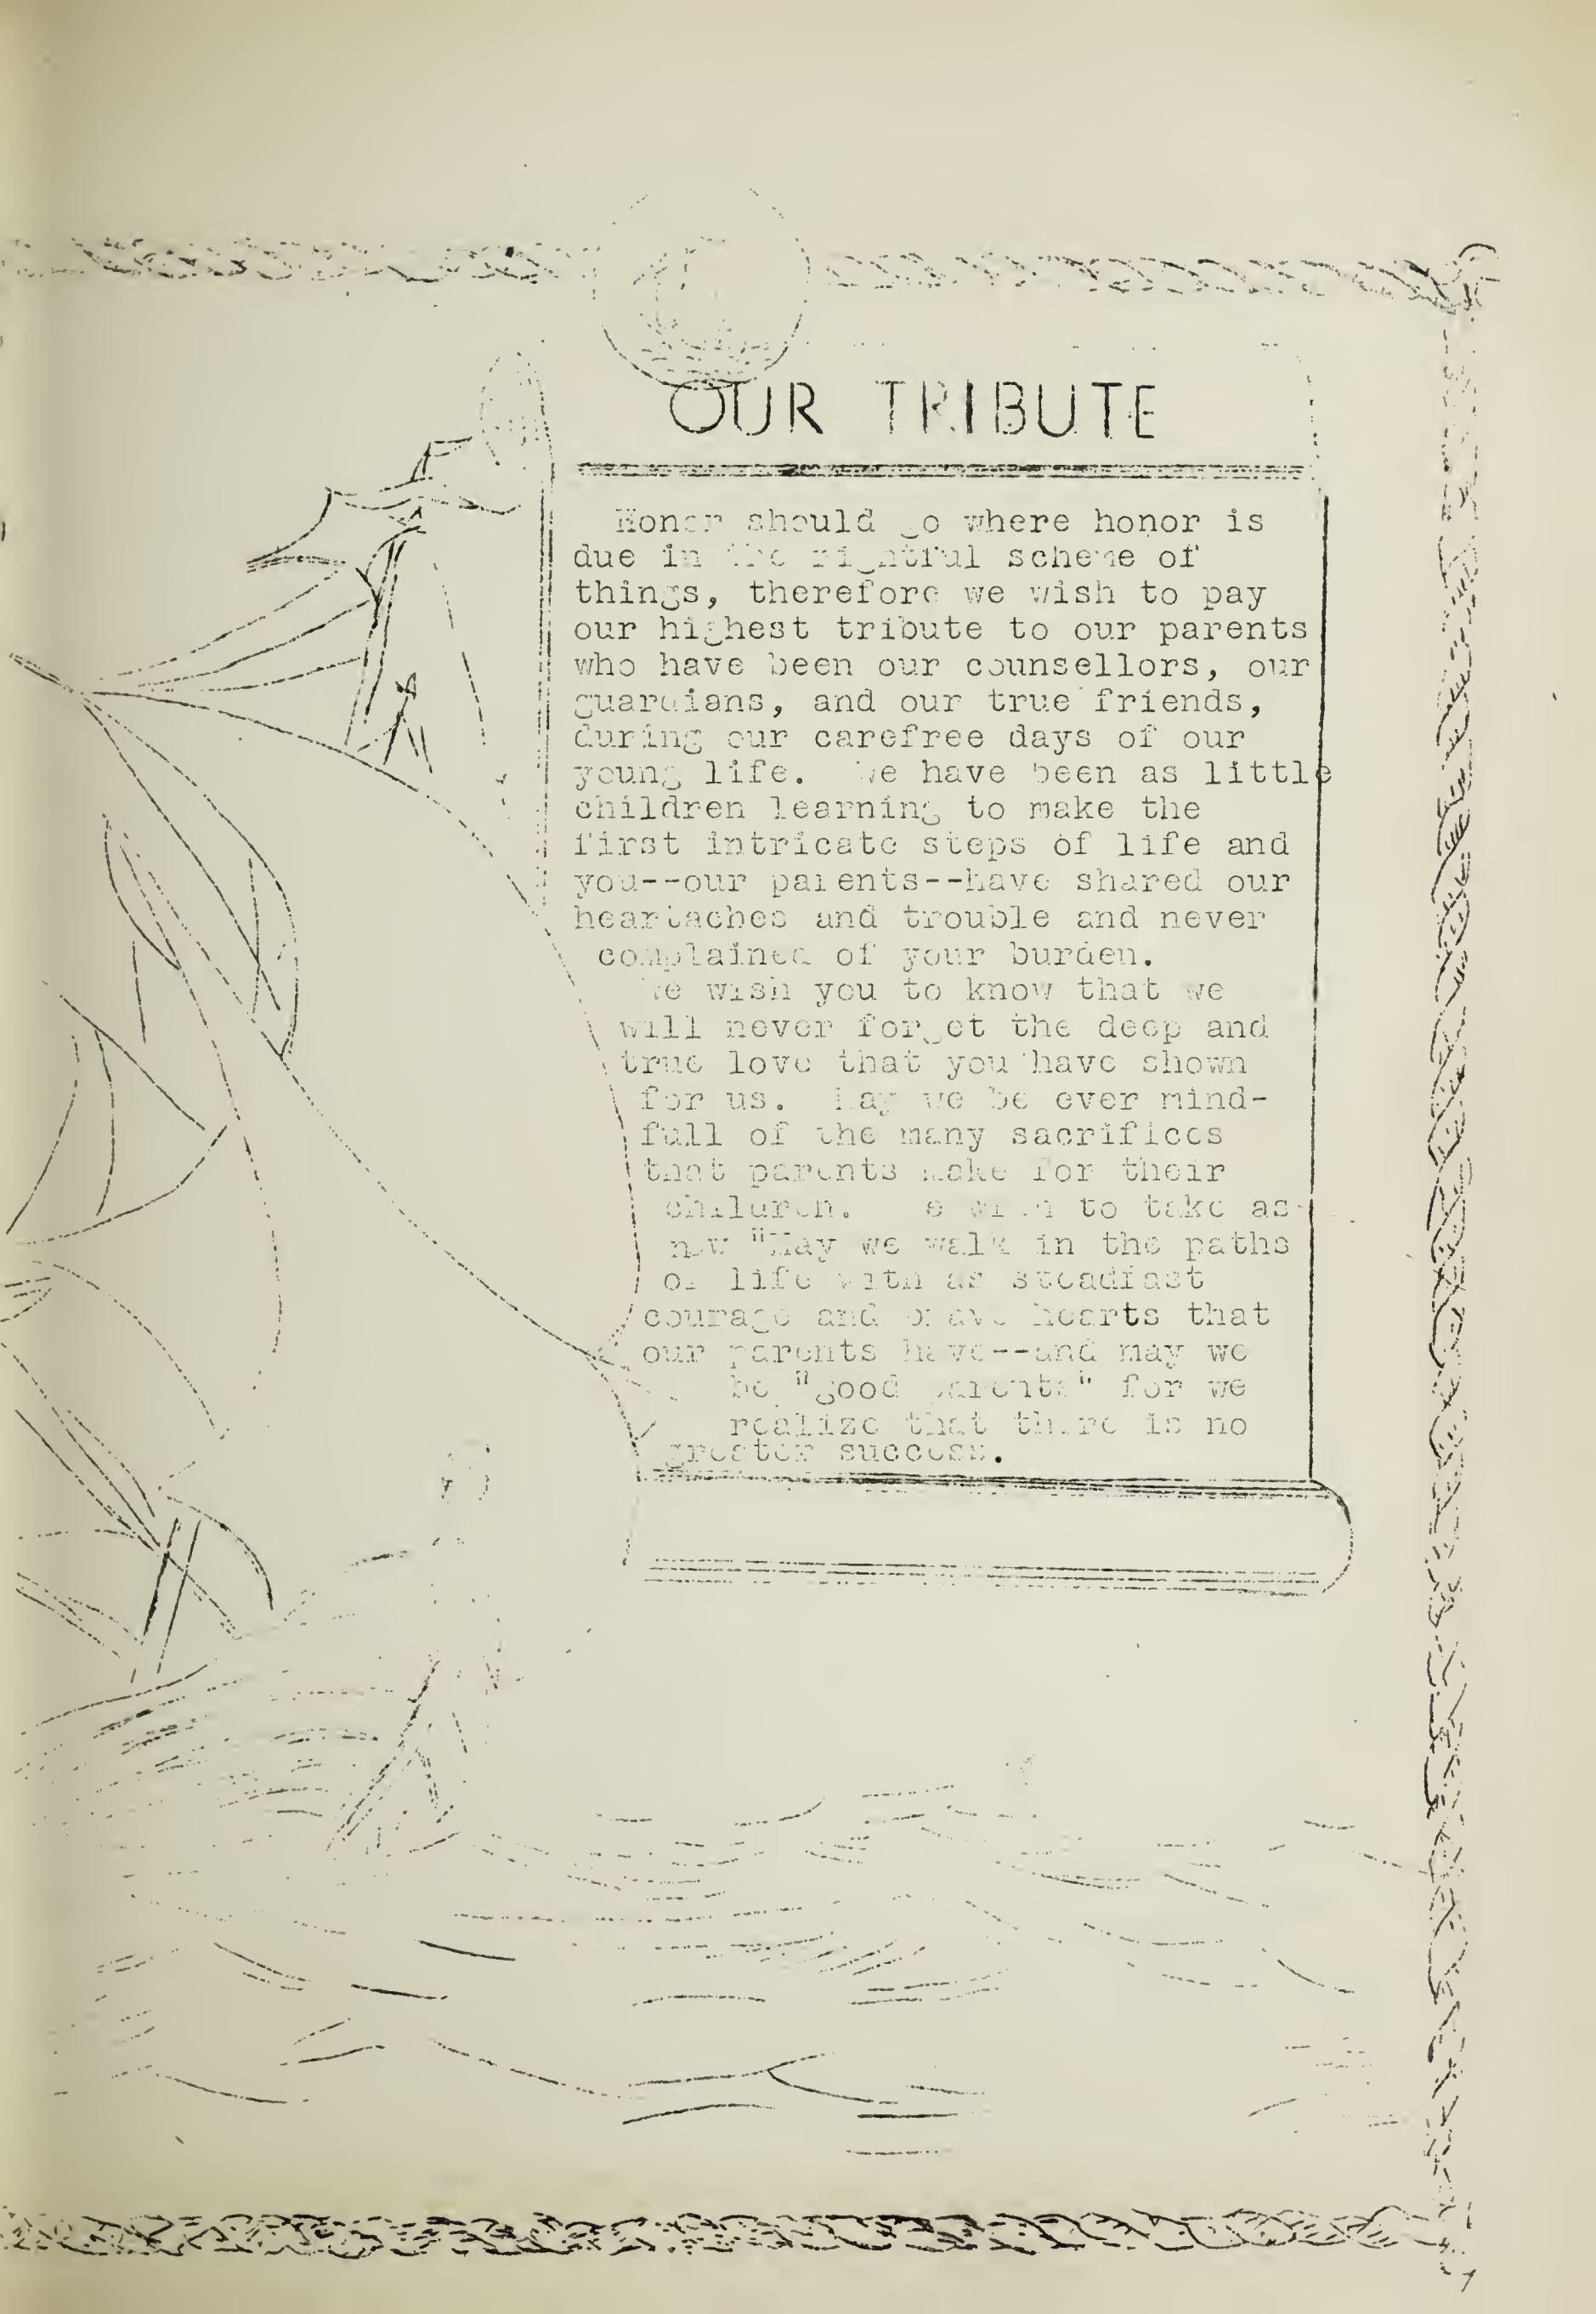

The first publication
of the Mathews High
School, sponsored by

OUR TRIBUTE

Honor should go where honor is due in the rightful scheme of things, therefore we wish to pay our highest tribute to our parents who have been our counsellors, our guardians, and our true friends, during our carefree days of our young life. We have been as little children learning to make the first intricate steps of life and you--our parents--have shared our heartaches and trouble and never complained of your burden.

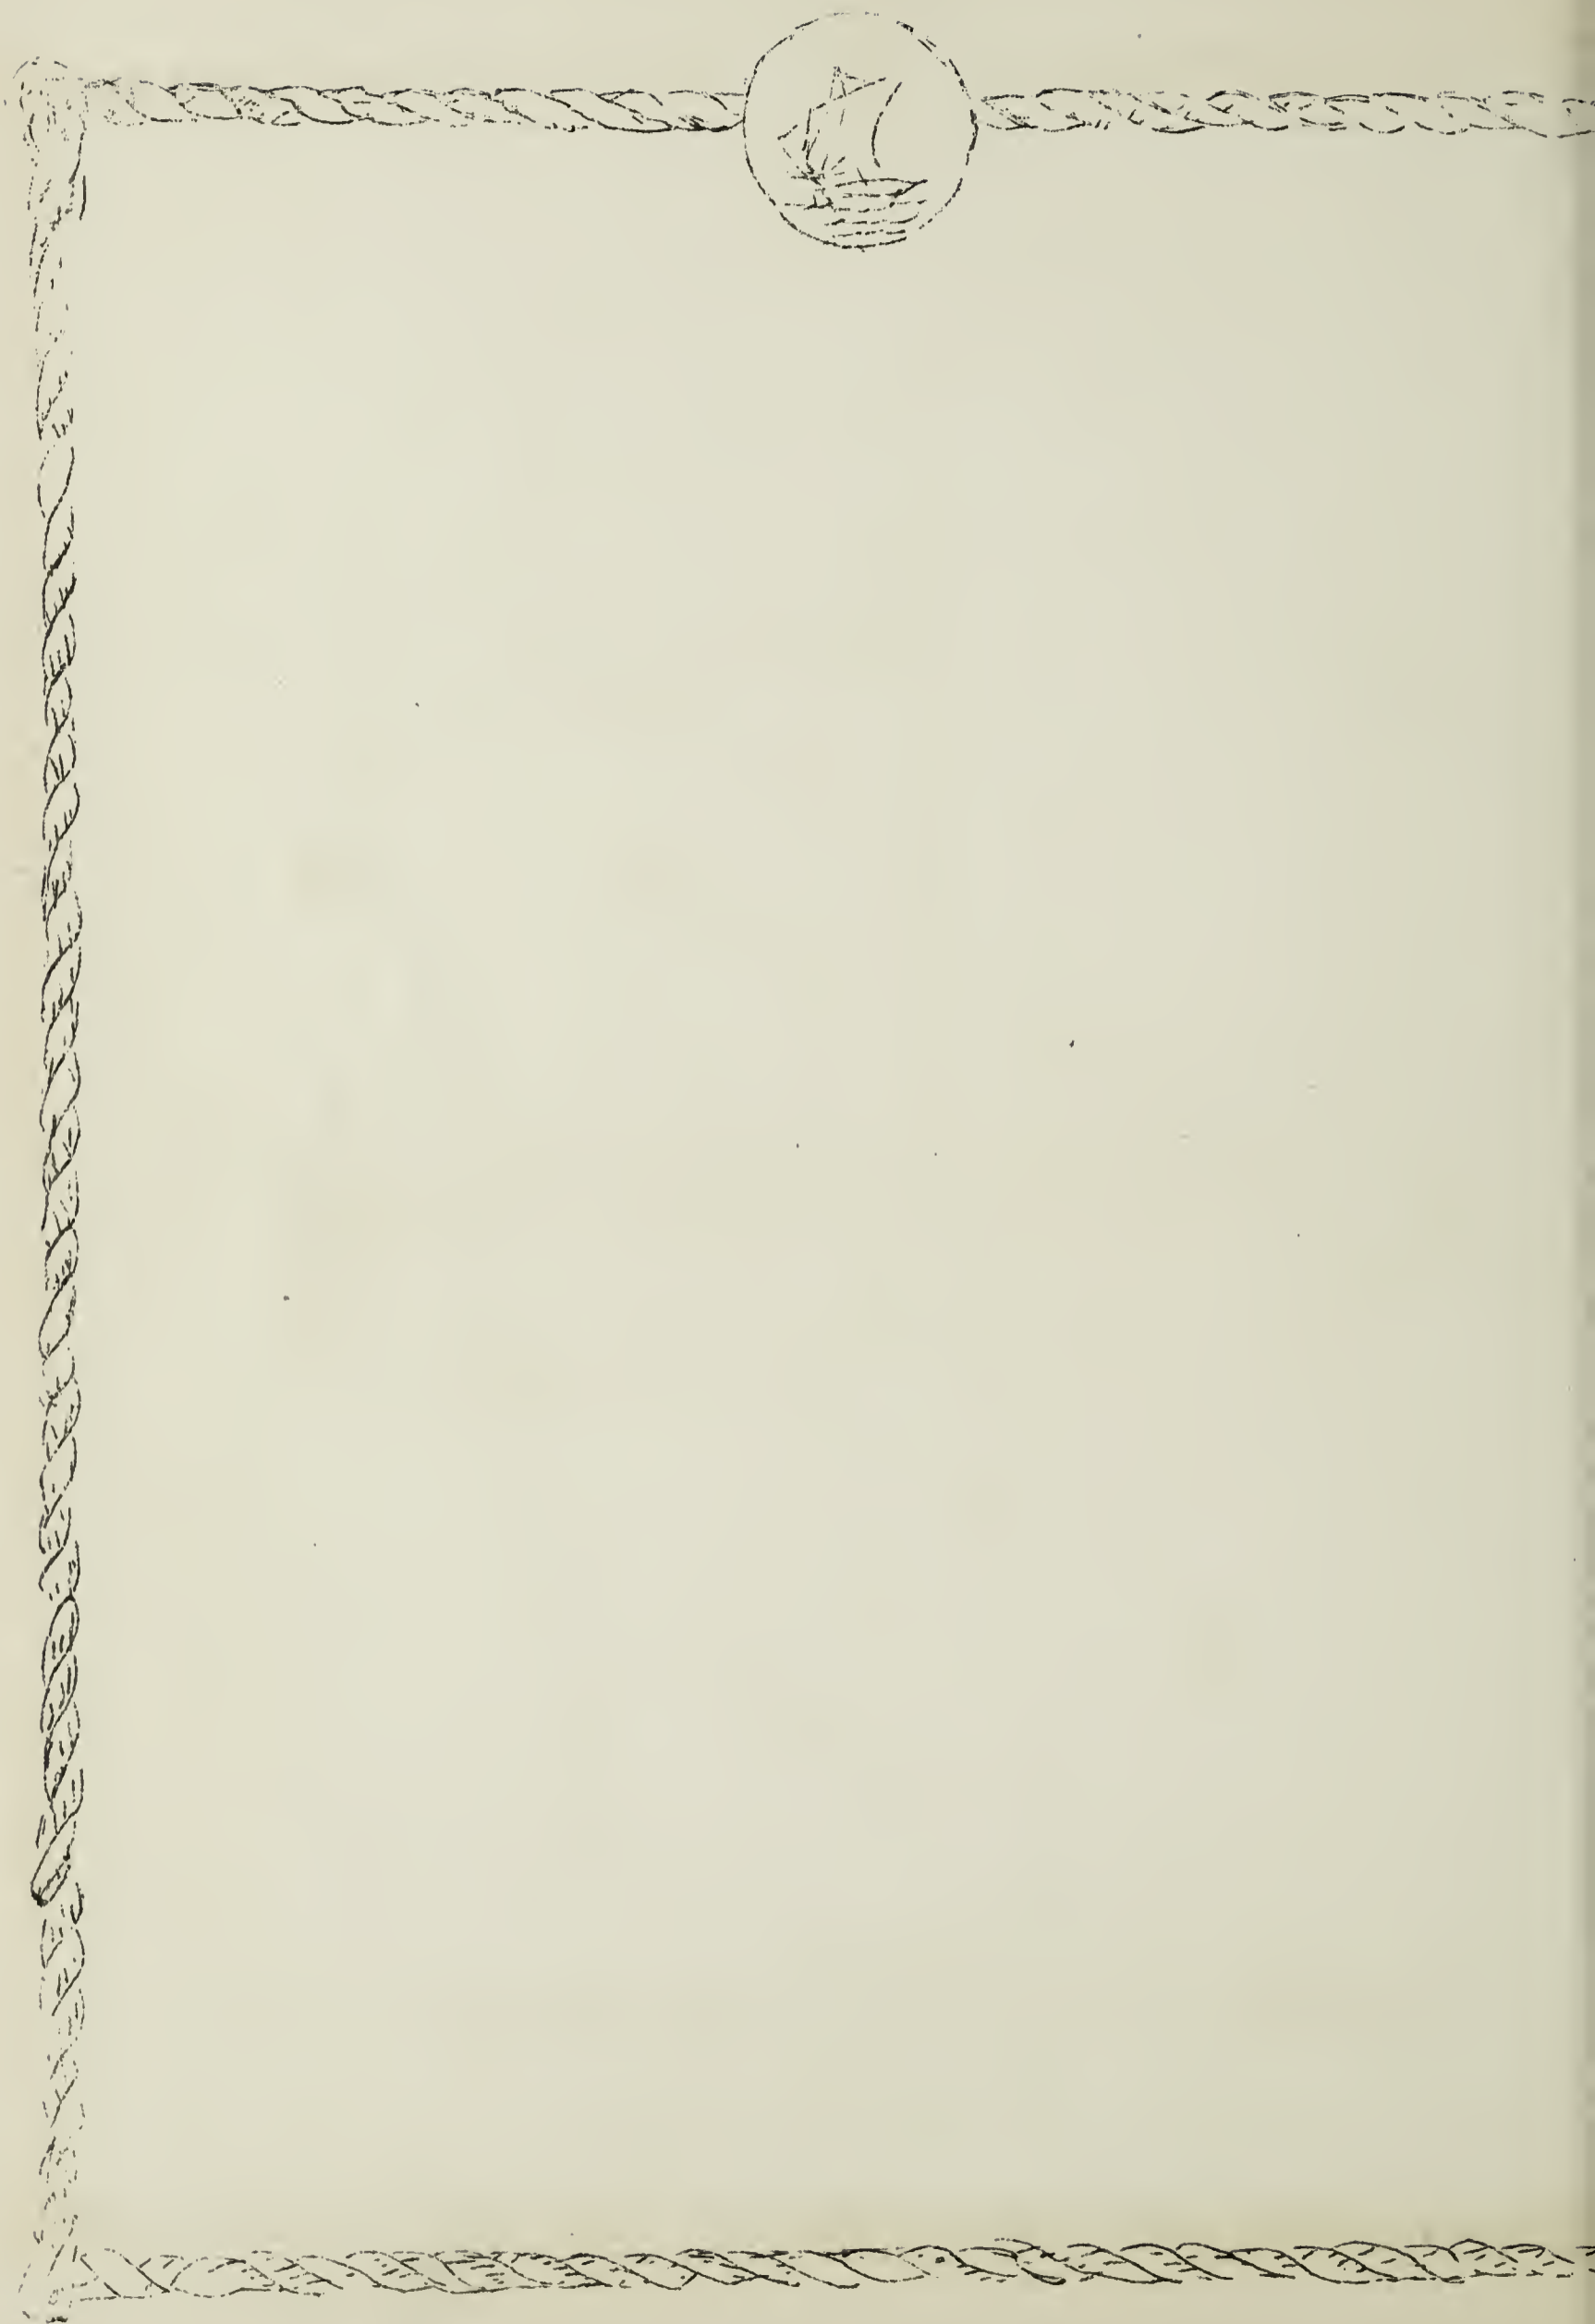

We wish you to know that we will never forget the deep and true love that you have shown for us. May we be ever mindful of the many sacrifices that parents make for their children. We wish to take as now "May we walk in the paths of life with as steadfast courage and brave hearts that our parents have--and may we be "good parents" for we realize that there is no greater success.

FOREWORD

To show our great appreciation for the background of life--high morals, sportsmanship, friendship, citizenship, and other training--that we have received in H.H.S. to bind together what we have held dear and precious in our many happy days of high school; and to leave a permanent record of the activities, pleasures, and accomplishments of our high school days--this is the purpose of this publication. We present the results of our efforts-----
